Invitation Message – APITS 2026

Taipei, Taiwan

Dear Industry Partners,

On behalf of the organizing committee of the Asia-Pacific Innovative Thoracic Surgery Symposium (APITS) 2026, it is my privilege to invite you to participate as a valued partner in this premier event, taking place in Taipei, Taiwan.

APITS has become one of the most influential thoracic surgery conferences in the Asia-Pacific region—an arena where clinical excellence, technological innovation, and industry collaboration come together. The 2026 program has been meticulously designed around eight core themes that represent the forefront of surgical advancement:

- Frontiers in Robotic Thoracic Surgery and Emerging Surgical Platforms
- The Outside-cage Revolution in Intrathoracic Operations
- Innovations and Future Directions in Esophageal Surgery
- Advanced Lung Surgery with VATS and RATS: Evidence-Based Practice, Complex Procedures, and Intraoperative Crisis Management
- Transforming Thoracic Care: Breakthroughs in Bronchoscopy and Interventional Pulmonology
- Delving into the mystery of thymus
- Oncology: Turning Impossible into Possible
- From Virtuality to Surgery: Artificial Intelligence (AI) and Augmented Reality (AR) Shaping the Future of Thoracic Surgery

These topics align closely with the most rapidly growing segments of the thoracic surgery market—robotics, digital surgery, energy platforms, imaging, navigation, interventional pulmonology, and oncology-related technologies—providing industry partners with unparalleled opportunities for visibility and engagement.

APITS 2026 will gather leading surgeons, clinical decision-makers, and rising innovators from across Asia, Europe, and North America. The meeting offers an ideal setting to:

- Showcase new technologies to early adopters
- Engage directly with high-volume clinical centers
- Strengthen regional and global brand presence
- Participate in workshops, symposia, and interactive demonstrations
- Build long-term partnerships with key opinion leaders

Your support is essential in helping us elevate the scientific quality of the meeting and accelerate progress in thoracic surgery. We sincerely hope you will join us in Taipei and contribute to making APITS 2026 a truly impactful and forward-looking event.

We welcome you to partner with us—where innovation meets opportunity.

Yin-Kai Chao, MD, PhD

President of Taiwan Society of Thoracic Surgeons
